Written by
Kyle Rosenfeld about his
little brother Sean, who
has Down Syndrome.

The person that is special to me is my brother, Sean. He is special to me because he has Down Syndrome. We are very close.

We play games all the time. We met at the hospital on April 27th 2006 when he was born. He is now 4 years old. He likes to go in his little pool. I lay in the water and he splash's me. He really likes to go in our back yard. He likes to go in his little swing.

Sean likes to listen to music. When I put on his CD, he sits & puts the volume all the way up, and jumps. I run over and turn it down and it goes up again. When we communicate with him he understands us.

Sean is very important to me and his family.
