

Fast ForWord®

Summer Program

Fast ForWord® is a state-of-the-art CD-ROM based training program. It is a revolutionary way for building language skills, including student's ability to listen, speak and read. Fast ForWord® Language software is an Internet and CD-ROM product that develops the fundamental language skills that are the building blocks for reading success.

The students will begin with Fast ForWord Language 2 or Fast ForWord Literacy, for 90 mins per day. As a student progresses, additional programs will be added as needed.

The professional staff will include a certified Special Education Teacher who has been licensed by Scientific Learning to implement Fast ForWord® products.

The Fast ForWord® Summer Program will be held for 8 weeks only. Some individuals may not be able to complete the program.

You can do the program at home instead and have access to all Fast ForWord products for 12 months.

A minimum of 3 participants are needed to provide the summer program.

**Begins the first week in July
Ends the third week in August**
(closed on July 4th)

M - F 8:00 AM – 10:00 AM

Cost: \$2,000

This cost will include access to all 11 Fast Forward® Programs for each student, user weekly updates including progress graphs pre and post testing if needed, and a daily snack.

\$900.00 must be paid by June 1 so that we can order the software and setup the program for each student.

Balance is due before program begins.
