Language Takes Us Everywhere™

Fast ForWord® Off Site Training

Fast ForWord® is a state-of-the-art web based training program. It is a revolutionary way for building language skills, including student's ability to listen, speak and read.

Now you have the opportunity to use **ALL 11** Fast ForWord® products by Scientific Learning from any computer with internet access. Fast ForWord Remote is a self-study option that is provided by the parent/family on a daily basis and monitored and managed by TECHConnection. Software products are used by the student on their home computer 5 days per week. You have the flexibility to choose the days and protocol (up to 90 minutes per day or as little as 30 minutes per day)

How this service works:

Student will have access to all products for 12 months after ordering.

An Assistive Technology Specialist from the TECHConnection will provide the following services:

- ◆ Screening to determine whether Fast ForWord® is appropriate.
- ◆ Fast ForWord® Software setup in your home.
- ◆ Demonstration and initial training with student and parent
- ◆ Weekly progress reports/graphs send via email
- ◆ Telephone calls or emails with family to discuss progress reports/graphs.
- ◆ Provide technical support via telephone or email.
- ◆ Remote monitoring of student's progress with input to improve progress
- ◆ Determine product order or blending of products to best suit student's needs
- ◆ Maintain ongoing contact with Fast ForWord® to assist student progress and general troubleshooting.

Note: In order to use any Fast ForWord product, you must register through a Licensed Fast ForWord provider. TECHConnection staff are licensed and trained by Scientific Learning to facilitate appropriate use of the software.
